The Cultural Collective

The City has signed a Memorandum of Understanding with our new non-profit, the Community Cultural Collective, to determine the viability for pro-active operation and professional management of the currently underused City Auditorium. The 100-year-old facility is desperately in need of much-needed maintenance, safety improvements, ADA compliance, interior finish and acoustical upgrades, as well as mechanical, plumbing, electrical and structural system renovations. The Cultural Collective's vision is to renovate, restore and revitalize the City Auditorium in support of a cultural city center that will provide access to all residents and assure preserving its history and public use for the next 100 years.

The Cultural Collective is seeking public input and inspiration of the proposal to the greater community and its citizens to the inspired work of:

REVITALIZING a historic gem in the heart of downtown Colorado Springs

RESTORING its original beauty

REDEFINING use

RENOVATING the interior

RELEVANCY for our citizens and community

RENAISSANCE of the surrounding downtown
