Simple Gift Scholars Early Childhood Enrichment Training

A day of networking and enrichment training featuring the music and literacy programming from the early childhood program "Simple Gift Series."

Launched here in Colorado Springs, this unique program works to quiet the world around every child, while honoring the power of human connectedness and gratitude for all life's Simple Gifts!

JOIN LINDA WEISE, the creator of the program, >>

as she shares original songs and books. You'll learn how to bring these elements to your classroom, home, or childcare facility while utilizing the program as an additional tool. This program is for teachers, homeschoolers, care providers, moms or any family and friends who are looking for extra enrichment for their kiddos.

Come enjoy learning how to write your own songs, how to play chords on the ukulele, and bring enriching music, literacy, and more to your learning space.
