

There are various ways for you to come along to support affording access to learning opportunities that bring creativity to purposeful work, immediate results, and job placement. Opus programs afford students of all ages and learning capacities to find their space in the world through their own creative essence. These ‘earn and learn’ programs are offered in the following sectors:

- Culinary/Hospitality Arts
- Creative Technologies: Media and Theater Tech Production
- Early Childhood Enrichment

Ongoing activities, events and performances, and restaurant service provide a unique and robust platform to celebrate all of our partners!

There are numerous ways to support both financially and with in-kind:

Producer’s Circle

- The Producer’s Circle is a special space for regional, state and national businesses, and corporations to support. Notoriety in the Producer’s Circle is celebrated by name recognition, logo placement, featured articles in newsletters, and various partnering media. Additionally, use of space, artist meet and greet, special catering options, VIP seating, and other treatments are available for this very special and trusted group of businesses. The Producer’s Circle underwrites ongoing programming, operations, and events and performances that occur on site both at Opus One and the Opus Café.

Impresario Society

- Individuals and Philanthropic groups are invited to support as members of the Impresario Society. The various levels of support are customized to include artist meet and greet, use of space, VIP seating at performances and dinners, Supper Clubs and more. The Impresario Society supports ongoing operations, program and scholarship support, and performance underwriting.

Conductor's Podium

- The Conductor's Podium belongs to our industry partners. Businesses, Organizations and Councils that are specific to our areas of educational access; Hospitality, Industrial Kitchen, Early Childhood Education, Media Arts and Theater Tech.

Encore!

- The ability to support specific events or ongoing activities that speak to your heart. Private Supper Clubs, Playgroups, Opus Productions, and New Year's Eve are just a few examples of high profile events that demand an Encore!

If you are interested in coming along to support any of these areas, please reach out to Linda Weise at Linda.w@communityculturalcollective.org or 719-200-4463.

Customized 'value add' for all levels available. All supporters are celebrated accordingly, and with gratitude. Honoring supporters includes:

Website recognition, names and logo placement on digital media at Opus One and Opus Café, social media, printed media, custom ticket packages, use of space (as schedule permits), name announcement from stage (when appropriate), and much more!

Please consider coming along to support the first of its kind Creative Workforce Programming in the Pikes Peak Region and State of Colorado. A proven and successful track record of impact for students, families, businesses and economic development. Imagine, we just create! We look forward to having fun and sharing this journey with you.

With gratitude,

Linda Weise, the Opus Creative team, and the Board of Directors
